Earthwise Living Day is a free, educational family event which features speakers and exhibitors who share the latest and most useful information about Earth-friendly living for every member of the family. We promote healthy, natural, holistic, consciousness.

We strive to bring awareness to all to protect our natural resources. Our popular event will feature:

Emily Baucum (NEWS 4 WOAI) as our EMCEE

Howard Peak (Former San Antonio Mayor, S.A. Parks Foundation)

Darby Riley (Board Member, Greater Edwards Aquifer Alliance)

San Antonio Environmental Services, Waste Dept.

Albert Perez, Waste Management / Recycle America

Program subject to change

These speakers will discuss energy, recycling, climate change and the importance to reduce our carbon footprint.

Plus, we will have a musical presentation from Driggers Elementary Choir, CAT PAWS, KLRN-PBS TV for a children's music and movement performance and the winning contestant for the Photo/Poetry contest.

We will also have exhibits of green/eco minded services with products on display, recycled and hand crafted items; artists in our children's art corner to work with them and create recycled art; native plants, food vendors; free hand outs and a tree adoption.

Door prizes of all kinds including Mission Baseball tickets and SPURS tickets will be drawn throughout the event, plus much more.

Earthwise Living Day 2013 will also include a drop off for used clothing, wine bottle corks, cell phones, computers, electronics, and trophies so....
